CV: Sandra M. G. Pinto is a contracted researcher at the Faculty of Social and Human Sciences, NOVA University of Lisbon, doing her research at the CHAM - Centre for the Humanities (since 2019), where she also developed postdoctoral research (2013-2019). She is an architect (2002) and holds an MSc degree (2007) and a PhD degree (2012) from the University of Coimbra. With João Mascarenhas Mateus she co-coordinate the project PTBUILDS19_20: Portugal Builds - Digital knowledge platform for Portugal Construction History, 19th and 20th centuries, and participate as a researcher in the project TechNetEMPIRE: Tecnoscientific Networks in the construction of the built

environment in the Portuguese Empire (1647-1871), both funded by the Portuguese Foundation for Science and Technology. She co-edited, with Terry R. Slater, the book Building Regulations and Urban Form, 1200-1900 (Routledge 2018). She has more than twenty book chapters and articles published, including at the Construction History: The International Journal of the Construction History Society. Her main research interests include the history of architecture and urbanism, history of building regulation, construction history, history of urban cartography and urban heritage, focusing on the Portuguese territory of the Iberian Peninsula between the twelfth to the nineteenth centuries.
